

I, Narwhal, am actually a former mass murderer. I also have committed hundreds of thousands of war crimes and I have proof of it. In fact, there is video evidence of all the following of my crimes:

- Domestic Terrorism**
- Treason**
- Assassinations of World Leaders**
- Creating the French Revolution and beheading that woman who offered me cake**
- Organising the Italian mafia**
- Robbery (x523)**
- Jaywalking**

I am signing this document formally and I intend to have it released after I die. If anybody finds it before then, I'm screwed!
